

In the name of God, the Most Gracious, the Most Merciful

**Emiri Decree No. (3) of 2018**

**Concerning the Fees for Public Health and Environment Sector  
Services in Ajman Municipality  
and Related Violation Fines**

**We, Ammar bin Humaid Al Nuaimi, Crown Prince of Ajman, Chairman  
of the Ajman Executive Council,**

Having reviewed Emiri Decree No. (14) of 2006 concerning the reorganization of the Municipality and Planning Department in Ajman; and Emiri Decree No. (11) of 2011 issuing the Financial Law of the Government of Ajman, its executive regulations, and the systems and decisions issued thereunder; and Emiri Decree No. (10) of 2014 concerning the establishment of the Central Administration for Legal Affairs for the Government of Ajman; and Emiri Decree No. (1) of 2015 concerning the Department of Economic Development; and Emiri Decree No. (12) of 2015 concerning the service fees of the Department of Economic Development in Ajman;

**And having reviewed** Emiri Decree No. (5) of 2017 concerning public cleaning service fees in Ajman and related violation fines;

**And based on** the recommendations submitted to us by the Chairman of the Municipality and Planning Department in Ajman, regarding the determination of fees charged by the departments of the Public Health and Environment Sector in the Municipality and Planning Department in Ajman, and the determination of related violation fines, and the approval of the Department of Finance in the Emirate on those recommendations;

**And for what we have deemed to be in the public interest...**

**We have decided to issue the following Emiri Decree:**

## **Article (1)**

### **Name of the Decree and its Entry into Force**

This Decree shall be named "Emiri Decree No. (3) of 2018, concerning the Fees for Public Health and Environment Sector Services in Ajman Municipality and Related Violation Fines" and shall come into force from the first day of June 2018.

## **Article (2)**

### **Definitions**

For the purposes of implementing this Emiri Decree, and unless the context otherwise requires, the following words and phrases shall have the meanings assigned to them below:

**"The State"**: means the United Arab Emirates.

**"The Emirate"**: means the Emirate of Ajman.

**"The Municipality Department"**: means the Municipality and Planning Department in Ajman.

**"The Health and Environment Sector"**: means the Public Health and Environment Sector in the Municipality Department.

## **Article (3)**

### **Service Fees**

3(1) As of the effective date of this Emiri Decree:

(a) The Public Health Department - Health and Environment Sector, shall charge the service fees specified in List No. (1) attached to this Emiri Decree in return for the services provided by the said department to the beneficiaries of those services.

(b) The Environment and Development Department - Health and Environment Sector, shall charge the service fees specified in List No. (2) attached to this Emiri Decree in return for the services provided by the said department to the beneficiaries of those services.

(c) The Agriculture and Parks Department - Health and Environment Sector, shall charge the service fees specified in List No. (3) attached to this Emiri Decree in return for the services provided by the said department to the beneficiaries of those services.

(d) The Food and Environment Laboratory Department - Health and Environment Sector, shall charge the service fees specified in List No. (4) attached to this Emiri Decree in return for the services provided by the said department to the beneficiaries of those services.

3(2) All fees collected under paragraphs (a), (b), (c), and (d) of Article 3(1) above shall be counted within the annual revenues of the Municipality Department and shall be deposited into the public treasury of the Emirate.

### **Article (4)**

#### **Recording Violations and Imposing and Collecting Fines**

4(1) As of the effective date of this Emiri Decree:

(a) The Public Health Department - Health and Environment Sector, shall be responsible for recording and proving the violations specified in List No. (5) attached to this Emiri Decree, and shall have the right to impose and collect the prescribed fine for each of those violations.

(b) The Environment and Development Department - Health and Environment Sector, shall be responsible for recording and proving the violations specified in List No. (6) attached to this Emiri Decree, and shall have the right to impose and collect the prescribed fine for each of those violations.

(c) The Agriculture and Public Parks Department - Health and Environment Sector, shall be responsible for recording and proving the violations specified in List No. (7) attached to this Emiri Decree, and shall have the right to impose and collect the prescribed fine for each of those violations.

4(2) All fines collected under paragraphs (a), (b), and (c) of Article 4(1) above shall be counted within the annual revenues of the Municipality Department and shall be deposited into the public treasury of the Emirate.

## **Article (5)**

### **Powers of Judicial Officers**

The Chairman of the Municipality Department shall issue an administrative decision with the names of the Municipality Department inspectors who are granted the capacity of judicial officers, in accordance with the provisions of the applicable legislation in the State and the Emirate. They shall have the right to record, prove, and document acts and facts that constitute a violation of the Municipality Department's regulations as specifically mentioned in Lists No. (5), (6), and (7) attached to this Emiri Decree.

## **Article (6)**

### **Repeal of Conflicting Legislative Provisions**

As of the effective date of this Emiri Decree, any text or provision in any local legislation currently in force in the Emirate that conflicts with the provisions of this Emiri Decree shall be repealed, to the extent required to remove the conflict between the relevant provision and the provisions of this Emiri Decree.

## **Article (8)**

### **Publication and Circulation of the Emiri Decree**

This Decree shall be published in the Official Gazette of the Emirate and shall be circulated to all concerned parties to act upon it, each within its jurisdiction.

**Issued by us with our signature and seal, at our office in the Emiri Diwan in Ajman, on this day, Sunday, the first of Rajab 1439 Hijri, corresponding to the eighteenth day of March 2018 Gregorian.**

**Ammar bin Humaid Al Nuaimi**

**Crown Prince of Ajman, Chairman of the Executive Council**

List of Service Fees for the Agriculture and Public Parks Department -  
March 2018 Edition

| No. | Service Name  | Fee or Price Value                                    | Notes   |
|-----|---|---|---|
| 1   | Permit for a consultant for any general agricultural work | 300   |   |
| 2   | Permit for a contractor for any general agricultural work | 500   |   |
| 3   | Permit for planting in front of homes                     | 100   |   |
| 4   | Permit for planting in front of commercial establishments | 200   |   |
| 5   | Sale of agricultural seedlings                            | According to the price applicable at the time of sale | As per the internal regulation approved by the Director General of the Department   |
| 6   | Permit for agricultural work inside a public park         | 500 AED + Cost  | Actual cost depends on the size of the work and the type of materials and equipment used, to be agreed upon with the client |
| 7   | Park entrance fee   | 2   | Free for people of determination and children under five  |
| 8   | Tree pruning  | 200 AED + Cost  |   |
| 9   | Tree removal  | 200 AED + Cost  |   |
| 10  | Tree transplanting  | 200 AED + Cost  |   |
| 11  |   | 200 AED + Cost  |   |

| No. | Service Name  | Fee or Price Value | Notes                         |
|-----|---|--------------------|-------------------------------|
|     | Agricultural pest control   |                    |                               |
| 12  | Agricultural maintenance  | 200 AED + Cost     |                               |
| 13  | Agricultural design   | 200 AED + Cost     |                               |
| 14  | Irrigation network design   | 200 AED + Cost     |                               |
| 15  | Implementation of agricultural projects                               | 200 AED + Cost     |                               |
| 16  | Implementation of an irrigation network                               | 200 AED + Cost     |                               |
| 17  | Connection of treated sewage water supply lines (for irrigation)      | 200 AED + Cost     |                               |
| 18  | Maintenance of treated sewage lines (for irrigation)                  | 200 AED + Cost     |                               |
| 19  | Removal of green areas  | 200 AED + Cost     |                               |
| 20  | Removal of an agricultural site                                       | 200 AED + Cost     |                               |
| 21  | Preliminary study for an agricultural project                         | 200 AED + Cost     |                               |
| 22  | Arbitration in agricultural disputes (agricultural technical reports) | 200 AED + Cost     |                               |
| 23  | Supervision of agricultural project                                   | 300                | with 2% of the contract value |

| No. | Service Name                                   | Fee or Price Value                                 | Notes   |
|-----|--|--|---|
|     | implementation contracts                       |  |   |
| 24  | Planting trees                                 | According to cost                                  |   |
| 25  | Delivery of agricultural seedlings             | According to the approved fare at the time of sale | As per the internal regulation approved by the Director General of the Department |
| 26  | Providing vases for loan at events and parties | According to the approved rent                     |   |

Food and Environment Laboratory Department Service Fees - March 2018

Edition

| No. | Service Name   | Fee         |            |           | Notes |
|-----|--|-------------|------------|-----------|-------|
|     |  | Individuals | Government | Companies |       |
| 1   | Examination and evaluation of food label   | 25          | 50         | 100       |       |
| 2   | Additional copy of the report  | 5           | 5          | 10        |       |
| 3   | Physical examination, general appearance, food label, sensory evaluation         | 30          | 60         | 120       |       |
| 4   | Free chlorine test in drinking water   | 10          | 15         | 30        |       |
| 5   | Testing Electrical Conductivity & Total Dissolved Solids (TDS) in Drinking Water | 10          | 15         | 30        |       |

| No. | Service Name  | Fee  |   |   | Note |
|-----|---|--|---|---|------|
|     |   | Individuals  | Government  | Companies   |      |
| 6   | Total hardness test in drinking and mineral water   | 15   | 30  | 60  |      |
| 7   | Bromate test in water   | 25   | 50  | 100   |      |
| 8   | Total chloride test in drinking water   | 15   | 30  | 60  |      |
| 9   | Mineral test (Calcium, Magnesium, Iron, Copper, Zinc, Sodium, Potassium, Manganese, Boron, Chromium)<br>(Ca,Mg,Fe,Cu,Zn,Na,K,Mn,B,Cr) in drinking water | 50 AED for every 7 elements and 10 AED for each additional element | 100 AED for every 7 elements and 15 AED for each additional element | 200 AED for every 7 elements and 25 AED for each additional element |      |
| 10  | pH test   | 10   | 15  | 30  |      |
| 11  | Moisture test in various food materials   | 15   | 25  | 50  |      |
| 12  | Fat content test in food  | 30   | 55  | 110   |      |
| 13  | Protein estimation test in food   | 30   | 55  | 110   |      |
| 14  | Total ash test  | 20   | 40  | 80  |      |
| 15  | Chemical test of milk (Milkoscan)   | 15   | 30  | 55  |      |
| 16  | Total acidity test  | 10   | 20  | 40  |      |
| 17  | Sugars test in honey  | 40   | 75  | 150   |      |
| 18  | Sodium chloride estimation test in table salt   | 15   | 25  | 50  |      |
| 19  | Refractive index test for oils and fats   | 10   | 15  | 30  |      |
| 20  | Acid value test for oils and fats   | 15   | 25  | 50  |      |
| 21  | Peroxide value test for oils and fats   | 15   | 25  | 50  |      |
| 22  | Ethyl alcohol test in beverages   | 30   | 60  | 120   |      |
| 23  |   | 40   | 75  | 150   |      |

| No. | Service Name  | Fee   |  |  | Note |
|-----|---|---|--|--|------|
|     |   | Individuals   | Government   | Companies  |      |
|     | Preservatives (benzoic acid, sorbic acid) and caffeine test   |   |  |  |      |
| 24  | Artificial sweeteners (aspartame, saccharin, acesulfame) test   | 40  | 75   | 150  |      |
| 25  | Test for added artificial colors in various types of food   | 20  | 35   | 70   |      |
| 26  | Kreis test for rancidity in oils and fats   | 20  | 35   | 70   |      |
| 27  | Brix or soluble solids test in various types of food  | 10  | 15   | 30   |      |
| 28  | Mycotoxins test   | 75  | 150  | 300  |      |
| 29  | Vitamins test in various types of food (Vitamin C, K, D, A, E, Thiamine, Riboflavin, Pantothenic acid, Niacin, Pyridoxine, Biotin, Folic acid, Cobalamin)<br>(C,K,D,A,E,B1,B2,B5,B3,B6,B7,B9,B12) | 65 AED for the first vitamin and 15 for each additional vitamin | 125 AED for the first vitamin and 25 for each additional vitamin | 250 AED for the first vitamin and 45 for each additional vitamin |      |
| 30  | Test for detecting pork fat in meat using ELISA technique   | 20  | 35   | 70   |      |
| 31  | Histamine test in some types of fish  | 20  | 35   | 70   |      |
| 32  | Total bacterial count test  | 15  | 25   | 50   |      |
| 33  | Coliform bacteria test  | 20  | 35   | 70   |      |
| 34  | Fecal coliform bacteria test  | 20  | 40   | 80   |      |
| 35  | Vibrio Parahaemolyticus bacteria test   | 20  | 35   | 70   |      |
| 36  | Yeast and mold test   | 15  | 25   | 50   |      |
| 37  | Salmonella bacteria test  | 30  | 60   | 120  |      |

| No. | Service Name  | Fee         |            |           | Note |
|-----|---|-------------|------------|-----------|------|
|     |   | Individuals | Government | Companies |      |
| 38  | Salmonella bacteria test (PCR Technique)                      | 40          | 80         | 160       |      |
| 39  | Staph. aureus bacteria test                                   | 15          | 30         | 60        |      |
| 40  | Bacillus cereus bacteria test                                 | 15          | 30         | 60        |      |
| 41  | Pseudomonas aeruginosa bacteria test                          | 15          | 30         | 60        |      |
| 42  | Clostridium perfringens bacteria test                         | 20          | 35         | 70        |      |
| 43  | Coliform bacteria and Enterococci test in water using (IDEXX) | 25          | 50         | 100       |      |
| 44  | pH test for liquid environmental samples                      | 15          | 25         | 50        |      |
| 45  | Electrical conductivity test                                  | 15          | 25         | 50        |      |
| 46  | Free chlorine test  | 25          | 50         | 100       |      |
| 47  | Total suspended solids test                                   | 25          | 50         | 100       |      |
| 48  | Total dissolved solids test                                   | 25          | 50         | 100       |      |
| 49  | Total solids test   | 25          | 50         | 100       |      |
| 50  | Chloride test   | 25          | 50         | 100       |      |
| 51  | Total hardness test   | 25          | 50         | 100       |      |
| 52  | Calcium hardness test   | 25          | 50         | 100       |      |
| 53  | Total alkalinity test   | 15          | 25         | 50        |      |
| 54  | Carbonate test  | 15          | 25         | 50        |      |
| 55  | Bicarbonate test  | 15          | 25         | 50        |      |
| 56  | Sulfate test at 103~105 °C                                    | 25          | 50         | 100       |      |
| 57  | Sulfate test  | 25          | 50         | 100       |      |
| 58  | Sulfide test  | 25          | 50         | 100       |      |

| No. | Service Name   | Fee         |            |           | Note |
|-----|--|-------------|------------|-----------|------|
|     |  | Individuals | Government | Companies |      |
| 59  | Metals test: lead, cadmium, chromium, nickel, copper, zinc, manganese in water | 50          | 100        | 200       |      |
| 60  | Calcium test   | 25          | 50         | 100       |      |
| 61  | Magnesium test   | 25          | 50         | 100       |      |
| 62  | Sodium test  | 25          | 50         | 100       |      |
| 63  | Potassium test   | 25          | 50         | 100       |      |
| 64  | Iron test  | 25          | 50         | 100       |      |
| 65  | Nitrate test   | 25          | 50         | 100       |      |
| 66  | Nitrite test   | 25          | 50         | 100       |      |
| 67  | Oils and grease test   | 40          | 75         | 150       |      |
| 68  | Chemical Oxygen Demand (COD) test  | 25          | 50         | 100       |      |
| 69  | Biological Oxygen Demand (BOD) test  | 25          | 50         | 100       |      |
| 70  | Ammonia test   | 25          | 50         | 100       |      |
| 71  | Bromine test   | 25          | 50         | 100       |      |
| 72  | Cyanuric acid test   | 25          | 50         | 100       |      |
| 73  | Phosphorus test  | 25          | 50         | 100       |      |
| 74  | Phosphate test   | 25          | 50         | 100       |      |
| 75  | Coliform/Fecal Coliform test using (IDEXX)                                     | 40          | 75         | 150       |      |
| 76  | pH test (1:5 extract at 25°C) for solid environmental samples                  | 15          | 25         | 50        |      |
| 77  |  | 15          | 25         | 50        |      |

| No. | Service Name  | Fee         |            |           | Note |
|-----|---|-------------|------------|-----------|------|
|     |   | Individuals | Government | Companies |      |
|     | Electrical conductivity test (1:5 extract at 25°C) for solid environmental samples                    |             |            |           |      |
| 78  | Oils and grease percentage test   | 30          | 60         | 120       |      |
| 79  | Total and volatile solids test  | 25          | 50         | 100       |      |
| 80  | Metals test: lead, cadmium, chromium, nickel, copper, zinc, manganese for solid environmental samples | 50          | 100        | 200       |      |
| 81  | Leachate test   | 50          | 100        | 200       |      |
